Blood Brothers & Sisters

GIVE THE GIFT OF LIFE.
BE A BLOOD DONOR

Dearest Brothers and Sisters.

Here is a list of the members who donated in the month of January. Please be advised, the list is given to me in the middle of the following month and is too late to publish in the "Freedom Flyer" even the following month. Of course we don't donate blood in order to get recognition, but a little is not bad either, especially when you show the love and compassion you have for your community. Please remember Quaid's Open House is 4/10/10 and if you are able to donate on that day, even better. The blood bank is looking for 40 pints in order to send the blood mobile out.

Please make an effort to donate on that day. Come by and see your other Blood brothers and sisters and all your SBHOG buds. Thank you again for your effort and compassion.

Safety Comes First On Every Ride

Co-Rider's Handbook

by Robert Vaughan

So you're the co-rider this trip. What could you do to make the ride more pleasurable for both you and the rider?

The Look

No, The Look is not a style of clothing. It's even easier (and cheaper) than that. The Look is looking at the right place as the bike makes a turn. Why not take advantage of the same technique a trained rider uses to keep oriented in a turn? The place to look is over the rider's shoulder in the direction of the turn. As you look over the rider's right shoulder in a right turn, look all the way through the turn and keep your eyes level with the horizon. This means tilting your head away from the direction of the turn. If you're turning right, lean your body right but keep your head vertical. Using The Look keeps you leaning with the rider and keeps you oriented properly so you can enjoy the turns even more.

A Sense of Direction

Wouldn't you like your rider to pay more attention to the road and less to the map? If you think it's hard to read a map while driving, it's even harder to read a map while riding a motorcycle. The rider is usually glad to have someone else navigate. As a co-rider you can concentrate on the navigation, allowing the rider to concentrate on riding.

Preparation

A very short checklist can make any ride a lot more pleasant. Do you have rain gear, sun-screen, a map and sunglasses? These items are often not in plain sight but will be sorely missed if they are needed and not there. Of course, there is much more that can be put on your checklist for the trip. You do have a checklist, don't you?

Not all preparation can be done just before the trip. Was the trip planned so the rider had a chance to get adequate sleep before starting? Working all day and riding all night is probably not the best plan for rider or co-rider.

Results

Investing a little time on preparation beforehand and a little effort on The Look and navigation during the ride can make it more pleasant for both the rider and the co-rider.

From The Treasurer

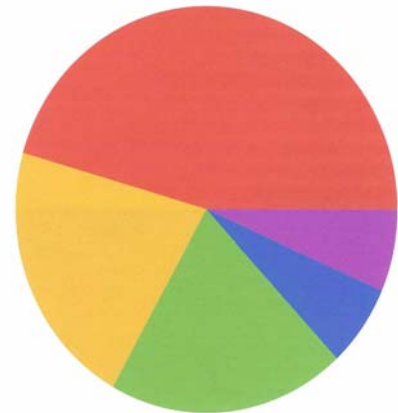

Treasures Corner

Well fellow chapter members another month has gone by and I wanted to give you a glance at our financial health. Have you ever wondered where your chapter money is being spent? Well let me give you a visual sense or as they say a picture is worth a thousand words. The month of Feb our financial health is pretty solid. The chapter revenue was \$919.00 stemming from various sources such as Chapter dues, 50/50 donations, and coffee jar tips. Also sales from the patches and business card ads in the Newsletter all help to keep our Chapter finances healthy and strong. The expenses this month totaled \$413.10, such as the final due bill from the 2009 Transition Dinner for the decorations. The next biggest expense is the Newsletter for printing and postage. We also had supplies to purchase such as your membership cards for 2010. Let's not forget the donuts we all enjoy at the meetings each month. The coffee is courtesy of Quaid's and the tip jar helps to defray the cost of the donuts, and of course we are saving \$100.00 each month in rent by having the meetings at the dealership, so you can see how much it takes to keep your chapter running. I'd like to thank all of the members who purchased their business card ads in the newsletter for the next 12 months. Coming up this next month I'm appealing to all of you to support the various sponsorship plaques for our Open House in April. The cost is \$50.00 to sponsor a plaque, so please see me or any of the Officers by the next meeting and we will put your name or business on the plaque. Donations of items to raffle are also needed and welcomed. I've included a pie chart to show how your chapter funds are being utilized. Please feel free to ask me any questions you might have and I'm always open to suggestions as to how we can come up with ways to always improve our financial business. Again I ask you if you do not need to receive your Newsletter in the mail please see Frank so that he can E - Mail your Newsletter to help cut down one of the biggest expenses our Chapter incurs. Thanks again and always have a safe ride

Blood Drive Sponsor

California Pizza Kitchen
Sponsors Blood Drive

California Pizza Kitchen is donating raffle prizes for the monthly Chapter Meetings. Plus, providing a raffle prize for the pizza party after our regular blood drives. They are located across from Costco in San Bernardino. I hope you all can get by there and thank them for their support of your chapter. Last month in February Mike and Marilyn Wood won the raffle prize. I hope to see all of you at

Quaid's Open House on 4/10/10

when we will be having our next blood drive. I hope to have a representative from California Pizza Kitchen come to the Open House and even donate blood and who knows maybe buy a Harley...wooooooOOOOO hooooOOOOO!!!!!!....

Until then,

Arizona Florence Prison Run

The Arizona Florence Prison run was great! 4 people went, Mickey Moncini with Sharon, Bully Haynes, and Jim Hall. Weather was good, only about 10 miles of bad rain. We had warm weather on Thursday for the run to Yuma and Benson on Friday. Saturday was cold but didn't stop us from going to Bisbee and Tombstone. Weather was iffy on Sunday, but we got our T-shirts and run pins in Florence. A group decision was made to return to Yuma instead of going to Globe after watching the weather report of snow in the mountains. Re-

treat being the better part of valor in this case! Easy run home from Yuma on Monday. Picture is of Jim Hall with Sonny Barger.

ARE YOU LOVED

Are You Loved???????

Such a simple question. Such a problematic answer. Under what circumstances? Under what definition? By whom? By some? By all? At times? Or always? Ponder the question and give an answer by any definition you want. You will always come up with, YES!!!!!!! We all feel the love of our creator. We feel the love of our spouse. Do you feel the love of your children, grand children, future grand children? Feel the future as it is unfolded in your mind as what will be? Do you feel the love of a sunny day? The light, the warmth, the changing seasons? The anticipation of cold? The compassion of a tale told that molds the mind as to

the fortune of others. The struggle of life. The triumph of success. The work of a goal. Don't all these bring a thought of love of life? What else brings us to the point of where we feel love? Desire love? Give love? Each breath tells the tale we desire to know. Every minute is a gift to behold so dear. And all the better when it is shared. Love knows no boundaries, feels no stress, can not be fenced in. Love compels us to do better to feel it more, to share and give.

Members,

Please know this is what the Blood Brothers and Sister feel about **YOU!!!!!!** To give the future, the

unfolded destiny, the struggle, the triumph, the success!!!

Think about share, give, compassion.....

Give Blood, Give life, Give hope,

Your Blood Drive Chairman,

Steve Walker
